

The owners of Tutti Frutti Frozen Yogurt in Park Mall have generously offered to help in our continuing need for fundraising, for our parish community. On the first Wednesday of every month they will donate 10% of all their sales to St. Joseph Parish. They are located in Park Mall just inside the center north facing entrance. This includes all sales from 10 AM to 9 PM.

Father Miguel's review of their yogurt is "It is so good it will make you forget your name"!

Father Ricky's review: "It's so good you must eat it".

Father Manolo's review is coming next bulletin watch for it.

#### Health Benefits

Probiotics, which means "for life," have been used for centuries as natural components in health-promoting foods.

You do not need to bring a coupon, just your appetite and smile. You hopefully will see lots of familiar faces constructing their favorite combinations of yogurt and toppings. Father's Miguel, Ricky and Manolo are known to be spotted there often.
